

## **Certified Nursing Assistant Scholarship Program**

**Extendicare is dedicated to delivering quality care to the elderly of our community. We are always seeking those individuals who desire to serve others in the area of healthcare and have demonstrated an interest in the healthcare field.**

**Through our Certified Nursing Assistant scholarship program, we offer qualified individuals who have been offered employment at Extendicare, the opportunity to complete the Certified Nursing Assistant's training program through Wallace Community College, at no cost to the employee.**

**Selected individuals are required to maintain a minimum 80% grade average as well as completing the program with excellent class attendance and willing to sign a ninety (90) day work contract.**

**Upon successfully completing the CNA program, employees will come to work at Extendicare while awaiting the state certification exam to become Certified.**

**Extendicare also offers potential employment as well as tuition reimbursement for any individuals that may have self-paid for a Nursing Assistant program in the last twelve (12) months.**
